

YOUR TRUST CENTER, BUILT ON EVIDENCE AND KEPT CURRENT.

Third Party Threat Hunting (TPTH) practitioners write your Trust Center and verify every claim against your evidence, the way an assessor would. Your customers' security teams get answers they can rely on, and your team answers fewer repeat questionnaires. The Trust Center is aligned with the Third Party Risk Association (TPRA) published Trust Center guidance, and you host the pages wherever you like.

3 bands

set at kickoff from a scoring sheet

from \$4,500

one-time build

45–60 days

to launch after complete intake and evidence

Monthly

upkeep, month to month

WHAT IS INCLUDED

■ Build (one time)

Kickoff and complexity scoring, intake, an evidence check on every claim, written content and pages, launch, and a dated change log.

■ Maintain (monthly)

A quarterly refresh, the change log and sub-processor checks.

■ Manage (monthly)

A monthly evidence review, the change log, and incident and sub-processor updates as they happen.

PRICING BY COMPLEXITY BAND

BAND	TYPICAL CUSTOMER	BUILD	MAINTAIN	MANAGE
A: Essentials	Small vendor or nonprofit, one product, up to about 10 sub-processors, no formal audit	\$4,500	\$500 / mo	\$1,000 / mo
B: Standard	SOC 2 or ISO, 1 to 3 products, up to about 30 sub-processors	\$7,500	\$750 / mo	\$1,500 / mo
C: Complex	Regulated, 30 or more sub-processors, several frameworks or products	Quoted, from \$14,000	Quoted	Quoted

Band set at kickoff from a 5-factor scoring sheet: sub-processors, products, frameworks, regulation and evidence readiness. Launch prices, which may be revised. Build paid 50% at kickoff and 50% at delivery. Maintain and Manage billed monthly in advance, month to month, 30 days' written notice.

HOW IT WORKS

1 · KICKOFF AND SCORING

We score the factors with you and confirm the band and fee.

2 · INTAKE

You complete the intake form and supply evidence within 15 business days.

3 · EVIDENCE CHECK

We check every claim against its evidence. Anything we cannot verify is not published.

4 · DRAFT AND REVIEW

You review the content and confirm it is accurate.

5 · LAUNCH

Pages go live within 45 to 60 days of your complete intake and evidence.

6 · UPKEEP

Under Maintain or Manage, we keep it current and log every change.

YOUR RESPONSIBILITIES

■ Provide information without delay

Delays move the schedule. Work beyond the agreed scope is billed at \$350 an hour after written notice.

■ Confirm accuracy in writing

And tell us promptly when anything changes. If you decide not to share something we need to verify a claim, we publish only what is evidenced, pause, or end the engagement.
